Elections

Support you chapter with time and effort

The Secretary and Treasurer have announced that they will not seek re-election this fall. Mike Shuman (Secretary) has agreed to run for a Board seat and continue editing the newsletter. Two other Board of Director positions need to be filled. Do you have an extra two hours a month to devote to our activities? (Don't laugh, but as a hiring manager during my working life, this is one of the items I looked for on resumes of prospective employees.)

Youth Activities Starting this Fall

Ryan Henry will head this group.

The board of directors has approved Ryan to head our youth activity program. He'll need your help. If you have slightly worn equipment you can donate that would be great.

Friend of the family, Sara Sommer started at age 5. Now a seasoned veteran with 8 years experience she's been to Zihuatanejo Mexico and Belize as well as all of the nearby "home waters;" ties her own flies; and releases all of her fish.

Wouldn't you love memories like these for you, your child or grandchild? Get behind this effort.
