Dear Pat:

Over the weekend, I had the pleasure of reading about your receipt of the first-ever Oklahoma Conservation Coalition's "2017 Conservation Leader of the Year" award. When I saw the list of partners that are associated with the coalition, it made your accomplishment all the more impressive. There are some impressive organizations associated with the coalition.

Pat, I know from other members in the great state of Oklahoma how hard you have worked on water and water quality issues in the state, especially the many hours you spent last year in our effort to defeat legislation that would have made protecting water quality that much more difficult.

Trout Unlimited is blessed with many tremendous resources—a fantastic board, a hard-working staff; but it is our volunteers that differentiate and distinguish the organization. On behalf of the 300,000 members and supporters of the organization, I want to personally acknowledge and thank you for all that you have, and will continue to do, for the lands and waters that sustain us all.

Best regards,
